

A photograph of an industrial facility at night, featuring several large cylindrical storage tanks and complex piping structures illuminated by warm lights. The facility is situated near a body of water with mountains in the background under a twilight sky.

## SOFTWARE FOR MAINTENANCE MANAGEMENT

**ALLDEVICE IS A SOFTWARE FOR MANAGING THE MAINTENANCE OF ANY KIND OF DEVICES, WHICH NEED PERIODICAL ATTENTION**

### **It could be:**

- Periodical greasing of bearings
- Maintenance of a single machine
- Servicing whole production lines and complex machinery
- You name it...

## **EXCELLENT FUNCTIONALITY AND USER-EXPERIENCE**

### **Work orders**

Automatic notification about maintenance works also with e-mails.

### **Spare parts**

In depth overview of the availability, cost and compatibility of spare parts.

### **Analysis**

Pinpointing devices that are causing problems and need attention.

### **Database**

Database for all device-related materials and data.

### **Reports and Maintenance log**

Create work order reports, calendar view and detailed maintenance log.

### **Personnel integration**

Training and integration of new maintenance personnel is very easy.

## **COMPETITIVE ADVANTAGES**

### **Intuitive and easy to use**

Basic user training takes only 20 minutes.

### **Excellent price/quality ratio**

Great functionality and usability with excellent price.

### **Unlimited number of users and objects**

The whole company can benefit from it with no extra cost.

## FUNCTIONS AND OPTIONS

- All device-related info in one place (incl. drawings, manuals, etc.)
- Automatic generation of work orders
- Automatic notifications for ordering spare parts and services
- Automatic sending work orders via e-mail
- Calendar view of work orders
- Spare parts handling and stock module
- Fault analysis and visual fault graphs
- User right management
- Unlimited number of users
- Unlimited number of locations
- Unlimited number of devices
- Visual structuring of objects
- Sorted device lists for auditing
- Export data to Excel
- Overview of work hours
- Effective search engine
- Available in local languages
